Technical Specification & Features

Description	Parameters
Physical Size	1780mm(W)X1190mm(H)X30(T)mm±2mm
Interactive Screen Size	1670mm(W) X1140mm(H)±2mm
Proportion	4:3
Touch Sensor	IR(Infrared) Technology
Positioning Accuracy	<0.5mm
Cursor Speed	100dot/sec
Touch Resolution	4096x4096, Max 32768x32768
Response Speed	5ms
Screen Surface	Hard-coated steel surface, optimized for projection, compatible with dry-erase marker and water based pen.
PC Port	USB 2.0, USB 3.0
Accessories	USB Cable, Installation CD, User Manual, Wall Mount with bracket, Skrew pen, 5m USB Cable, Pen
Power supply	USB Power Supply /DC 4.6V -5.0V/<1W (200mA 5V)
Temperature	Working Temperature: -10°C to 45°C
Working Humidity	Operation 10% -90% Storage: 0-95%
Operating System	Driver Free for Windows 7/8/8.1/10/Linux (Driver Required for Mac, Android)
Touch	Two people can write the same time
